Remote Learning Instructions for Ms. Massey Algebra 2H

Below directions for the work you will complete while we're out of school. All information will be sent out via Remind and posted to Google Classroom.

Your work will consist of activities on Khan Academy and one assessment weekly (posted to Google Classroom every Friday).

Your grade will be based on two things:

1. Completing all work on Khan Academy (submitted by the due dates below)
2. Completing one online assessment each week (related to the material covered that week & each approx 5-10 min long)

YOUR ASSESSMENT TIME WILL BE ON FRIDAYS, 12pm - 1pm.

YOU MUST COMPLETE EACH ASSESSMENT DURING THIS TIME SLOT OR YOU WILL GET A ZERO. If for any reason that you cannot complete the assessment at that time, you must message me ahead of time and I will tell you how to complete the assessment at another time.

I am available to support you during the hours 7:50am-2:50 pm to answer any of your questions. I will be responding to your emails within the hour.

You may contact me at: smassey@rpsd.org or message me via Remind

OVERVIEW OF LESSONS

WEEK 1

Objective: Review basic properties of logarithms, the constant e , and natural logarithms, and evaluate log functions. Review solving radical equations and identifying extraneous solutions.

Assignments: will be posted to Khan Academy by Monday morning.

Assessment: will be posted to Google Classroom at 12pm on Friday and must be completed by 1pm that day

WEEK 2

Objective: Review and practice basic properties of rational exponents and radicals, evaluating expressions with rational exponents using the properties of exponents, and evaluating expressions with radical exponents.
