

Mr. Fucci's Lessons

4/6 and beyond

## SPANISH 1:

Good morning. I hope this email is finding you well and that you have been getting emails from me. Please read below to understand your responsibilities for before Spring Break and after spring break. **READ ALL THE WAY THROUGH**

### **Before Break:**

**Monday** - Last assignment from the packet is due (please submit it to me via email by Monday). Also, if you want to make up any assignment by then, please do so and mark it as Late work in the subject line.

**Wednesday** - Please complete the following Kahoot by **Wednesday, 2pm.** I put it as a "live kahoot" which means you can answer the questions at your own pace and the answers will be sent to me to be graded. I did NOT put a time limit on each question because I want you to take your time to answer (or look up the answer). This assignment will not only be graded but it will be used as an extra credit opportunity for the marking period. Look at your grade on Genesis and think about what you might need.

Pin 0724412

I will be happy to help with this assignment especially since it is new for many, but I might not be able to help quickly, so I suggest you open this kahoot up soon and see if you are able to start. Make sure you sign in with **YOUR NAME**. I will not be able to give you any credit, if I can not determine who is completing it. Both Spanish 1 classes have the same kahoot.

### **After Break:**

During Spring Break, I will be setting up google classroom for everyone. I will be sending out emails as well as communicating through google classroom. Also, I will be sending you information about what zoom and other activities I have planned. Since we are all

unsure of how long we will be required to do this, please make sure you follow through with your assignments and logging in when necessary. Mrs. Costa will be sending an email soon about 4th marking period. Since this is a new adventure and learning curve for everyone, please make sure you contact me if you need anything as well as be patient with me because I am learning as well.
